

Kindorf®

Conduit, Cable & Pipe Supports

T&B Catalog Number:

KCPC100

UPC Number:

61601311059

Status:

Active

Description:

1" Steel King Cobra® One-Piece Conduit and Pipe Clamp with GoldGalv® finish.

Features

Superior design load capabilities for industrial applications. Embosses on shoulder and hooks increase loading capability and durability, preventing deformation of clamps.

Durable one-piece, heavy-duty steel construction. Rugged stirrup provides increased strength for heavier loads, minimizing deflection.

Wider saddle design with anti-rotation tabs distributes load evenly over a larger surface area, preventing jacket damage.

Heavy-duty 5/16" hex bolt with multi-driver head, Robertson square, Phillips cross-recess and slot, provides a full range of installation options.

One clamp size works on equal trade sizes for both EMT and Rigid conduits, simplifying clamp specification.

Application

Attaches a full range of EMT, Rigid conduit, Pipe & Cable to Strut Channels.

General

T&B Replacement Catalog Number	LKCPC100
Material	Steel
Finish	GoldGalv®
Static Load Limit (lb)	350
Safety Factor	4

Dimension Information

Cable O.D. Range (inches)	1.110-1.400
Conduit Size (inches)	1

Specifications

3dmodel	Available on Website
